OEM Customized CNC Turning Milling Part Zinc Plating ODM

Basic Information

- Place of Origin:
- guangdonghuizhou • Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity:
- USD 3.88-32.88 1 Perch/Perches • Price:
- Carton packaging and blister box • Packaging Details:
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram

1 Perch/Perches

• Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

Material:	Aluminum, Steel, Stainless Steel, Etc.
Packaging:	Carton, Wooden Case, Etc.
Equipment:	CNC Milling Machine
• Size:	Customized
Surface Finish:	Polishing, Anodizing, Plating, Etc.
Precision:	High Precision
Application:	Industrial, Automotive, Etc.
Coating:	Powder Coating, Zinc Plating, Etc.
Highlight:	Customized CNC Turning Milling Part, OEM CNC Turning Milling Part

Product Description

Product Description:

CNC Milling Parts are an essential component of any Computer Aided Manufacturing (CAM) system. They are precision-engineered parts designed to meet the exact specifications of your CAM system. CNC Milling Parts are made from high-quality materials and can be coated with a variety of finishes, such as powder coating, zinc plating, and more. Our CNC Milling Parts are manufactured with a tight tolerance of ±0.01mm, allowing for precise and consistent results. We offer a swift lead time of 7-15 days and can provide OEM/ODM services to meet your needs. Our CNC Milling Parts are suitable for a variety of industrial and automotive applications.

Features:

Product Name: CNC Milling Parts Surface Finish: Polishing, Anodizing, Plating, Etc. Size: Customized Service: OEM/ODM Processing Method: CNC Milling Equipment: CNC Milling Machine Numerically Controlled Milling Parts High-Precision Machined Parts High-Precision Machined Parts

Technical Parameters:

Parameters	Details
Size	Customized
Precision	High Precision
Coating	Powder Coating, Zinc Plating, Etc.
Application	Industrial, Automotive, Etc.
Equipment	CNC Milling Machine
Tolerance	±0.01mm
Lead Time	7-15 Days
Material	Aluminum, Steel, Stainless Steel, Etc.
Processing Method	CNC Milling
Surface Finish	Polishing, Anodizing, Plating, Etc.
Product Name	Numerically Controlled Milling Parts, Computer Aided Machining Parts, Computer Numerical Control Machining Parts

Applications:

YWY CNC Milling Parts - High Precision Computer Aided Manufacturing Parts for Industrial and Automotive Applications

YWY CNC Milling Parts deliver high precision and accuracy for industrial and automotive applications. Our CNC Milling Parts are customized with model number cnc101, with material options including aluminum, steel, stainless steel, and more. YWY CNC Milling Parts are manufactured with Computer Numerical Control (CNC) technology to ensure precise Computer Aided Manufacturing (CAM) parts for various industrial and automotive applications.

YWY CNC Milling Parts are built for durability and reliability. Our parts are made with high precision to meet the highest standards of quality. Our CNC Milling Parts are designed for long-term use and are produced in our factory in Guangdong, Huizhou, guaranteeing superior quality.

We provide custom packaging for our CNC Milling Parts, including carton and wooden cases. Our commitment to quality and customer service is unparalleled, and we guarantee our CNC Milling Parts will meet your expectations.

Customization:

We provide customized services for CNC Milling Parts with the following attributes: Brand Name: ywy Model Number: cnc101 Place of Origin: guangdonghuizhou

Application: Industrial, Automotive, Etc.

Precision: High Precision

Packaging: Carton, Wooden Case, Etc.

Material: Aluminum, Steel, Stainless Steel, Etc.

Coating: Powder Coating, Zinc Plating, Etc.

Our CNC Milling Parts are made with computer programmed machining and computer aided machining with high precision. We provide various materials, such as aluminum, steel, stainless steel, etc. with different coatings, such as powder coating, zinc plating, etc. The packaging is carton, wooden case, etc.

Support and Services:

We provide technical support and service for CNC Milling Parts. Our experienced engineers are available to provide technical guidance on all aspects of the product. We also offer customization services to tailor the product to meet your specific needs. In addition, we provide after-sales services such as warranty repairs, product maintenance, and product updates. If you have any questions or concerns regarding the product, please do not hesitate to contact us.
