

Titanium Aerospace CNC Machined Parts Annealing Normalizing

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Material: Titanium
- Size: Customized
- Service: OEM/ODM
- Tolerance: ± 0.01 mm
- Inspection: 100% Inspection
- Processing Method: CNC Machining
- Heat Treatment: Annealing/Normalizing
- Drawing Format: PDF/DWG/IGS/STP/X_T
- Highlight: **Titanium Aerospace CNC Machined Parts, Normalizing Aerospace CNC Machined Parts**

Product Description

Product Description:

Titanium Machined Parts, Titanium CNC Parts, Titanium Parts Machining

CNC Titanium Parts are machined from high-grade titanium material, with precise tolerance up to $\pm 0.01\text{mm}$. Strict quality control and excellent customer service, guarantee customer satisfaction. The minimum order quantity is 1 piece, and the packaging method is carton/wooden case. With advanced CNC machining technology, high accuracy and repeatability can be achieved. Customers can choose from a wide range of titanium machining services to meet their specific application requirements.

Features:

Product Name: CNC Machined Titanium Components

Drawing Format: PDF/DWG/IGS/STP/X_T

Heat Treatment: Annealing/Normalizing

Packaging: Carton/Wooden Case

MOQ: 1 Piece

Inspection: 100% Inspection

CNC Titanium Components

CNC Titanium Machining Components

Technical Parameters:

Attribute	Description
Processing Method	CNC Machining
Application	Industrial, Medical, Aerospace, Etc.
Drawing Format	PDF/DWG/IGS/STP/X_T
Packaging	Carton/Wooden Case
Size	Customized
Inspection	100% Inspection
Payment Term	T/T, Paypal, Western Union
Tolerance	$\pm 0.01\text{mm}$
Surface Treatment	Polishing
MOQ	1 Piece

Applications:

Ywy CNC machined titanium parts, model cnc505, are produced in Guangdong Huizhou. The MOQ is 1 piece and 100% inspection is done on each part. We provide OEM/ODM service to meet your needs. Our CNC machined titanium parts, titanium parts machining, CNC titanium machining components are of the highest quality and are made with precision and accuracy. We also provide custom packaging such as carton or wooden cases to ensure your parts are safe and secure. Our CNC machined titanium parts are highly reliable and durable, making them perfect for a variety of applications.

Customization:

Customized CNC Titanium Parts by Ywy

Brand Name: Ywy

Model Number: CNC505

Place of Origin: Guangdong, Huizhou

Tolerance: $\pm 0.01\text{mm}$

Material: Titanium

Heat Treatment: Annealing/Normalizing

Surface Treatment: Polishing

Size: Customized

We specialize in Titanium CNC Parts, CNC Titanium Machining Components and Titanium Machined Parts. Our advanced CNC machines allow us to work with precision and accuracy to produce parts and components with tight tolerances. We can customize parts to your exact needs, including complex parts with intricate details.

Support and Services:

CNC Titanium Parts Technical Support and Service

We provide technical support and services for our CNC Titanium Parts. Our highly experienced and knowledgeable team of engineers and technicians can assist with any issue you may have with our parts.

We offer a variety of services, including:

Troubleshooting and diagnostics

Repair and maintenance

Software and hardware updates

Product recommendations

Installation and configuration guidance

If you have any questions or concerns about our CNC Titanium Parts, please don't hesitate to contact us. Our technical support and services team is available to help you 24 hours a day, 7 days a week.
