

## FDM Diy 3D Printer Parts STP File Format SolidWorks Design Software

### Our Product Introduction

for more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

#### Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

#### Product Specification

- Material: PLA
- Printing Layer: 0.2mm
- Color: White
- MOQ: 1 Piece
- Surface Finish: Smooth
- Size: Customized
- Printing Technology: FDM
- Lead Time: 7-10 Days
- Highlight: **FDM Diy 3D Printer Parts,**  
**SolidWorks Diy 3D Printer Parts**

## Product Description

### Product Description:

Are you looking for a reliable and affordable 3D printing service? Look no further than our 3D Printed Parts! We specialize in producing three-dimensional parts using state-of-the-art Fused Deposition Modeling (FDM) technology. Our 3D printed goods are available in a variety of colors, including white, and can be further customized with post-processing options such as sandblasting. Whether you need small, individual parts or large batches, we can provide you with custom-made parts that meet your exact specifications. Plus, with our fast lead time of 7-10 days, you can get your products quickly and hassle-free.

### Features:

Product Name: 3D Printed Parts

Design Software: SolidWorks

Post-Processing: Sandblasting

Lead Time: 7-10 Days

Tolerance:  $\pm 0.2\text{mm}$

Printing Technology: FDM

### Technical Parameters:

Parameters	Details
Size	Customized
Application	Industrial
Design Software	SolidWorks
Color	White
Post-Processing	Sandblasting
Material	PLA
Surface Finish	Smooth
File Format	STL,IGS,STP
Lead Time	7-10 Days
Printing Layer	0.2mm

### Applications:

**Ywy 3D Printed Parts** are a perfect choice for precision manufacturing needs. With their customized design, these three-dimensional prints provide reliable and efficient solutions for a wide range of applications. Ywy 3D Printed Parts are available in various sizes to suit different needs, and with a tolerance of  $\pm 0.2\text{mm}$ , they provide the highest level of accuracy for three-dimensional products. The surface finish is always smooth, and post-processing such as sandblasting can be done to further enhance the quality of the prints. Additionally, the MOQ for these 3D printed components is just one piece, which makes them a cost-effective choice for your precision manufacturing needs.

Ywy 3D Printed Parts are ideal for a variety of applications, ranging from aerospace and automotive to healthcare and consumer products. Whether you need to produce complex parts, functional prototypes, or customized designs, these three-dimensional prints can help you achieve the best results. With their superior accuracy and reliability, you can be sure that the end product will meet and even exceed your expectations.

If you are looking for the perfect combination of precision and affordability, then look no further than Ywy 3D Printed Parts. With their customized designs and precise manufacturing, you can be sure that your three-dimensional prints will be of the highest quality. Whether you need a single piece or a bulk order, Ywy 3D Printed Parts are the perfect choice for your precision manufacturing needs.

### Customization:

Customized Three-Dimensional Products and Parts from ywy

ywy offers customized Three-Dimensional Products and Parts with the following specifications:

Brand Name: ywy

Model Number: ywy222

Place of Origin: Guangdong, Huizhou

Material: PLA

Minimum Order Quantity: 1 Piece

Design Software: SolidWorks

File Format: STL, IGS, STP

Printing Layer: 0.2mm

Whether you need customized Three-Dimensional Product or Parts, ywy is the right choice for you. With our 3D printing technology, we can provide you with high-quality products that meet your needs.

## Support and Services:

3D Printed Parts Technical Support and Service

We offer 24/7 technical support and service for our 3D Printed Parts products. Our service includes:

Assistance for product selection, design, and installation

Technical advice and consultation on 3D printing processes

Troubleshooting and technical repairs

Software and firmware updates

Replacement parts and components

Extended warranties and maintenance plans

If you need help with any of our 3D Printed Parts products, do not hesitate to contact us!
