

## CNC Machined Stainless Steel Component With $\pm 0.01\text{mm}$ Tolerance

### Our Product Introduction

for more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

#### Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

#### Product Specification

- Drawing Format: PDF/DWG/IGS/STP
- Inspection: 100% Inspection
- Tolerance:  $\pm 0.01\text{mm}$
- Package: Carton/Wooden Box
- Surface Treatment: Polishing
- Material: Stainless Steel
- Application: Industrial Equipment
- Shipping: By Sea/Air/Express
- Highlight: **CNC Stainless Steel Component,  
Machined Stainless Steel Component**

## Product Description

### Product Description:

#### CNC Stainless Steel Parts

Our CNC stainless steel parts are manufactured with high-quality stainless steel material and sophisticated machining technology. Our parts are available in a variety of shapes and sizes with a minimum order quantity (MOQ) of 1 piece. Our skilled technicians can custom design parts based on your drawings in PDF, DWG, IGS and STP formats. You can also choose from our OEM/ODM services to get the perfect parts for your industrial equipment. We'll deliver your parts in 7-15 days and guarantee that they meet the highest standards of quality and reliability.

If you're looking for a reliable supplier of CNC stainless steel machined parts and stainless steel fabrication, we're your perfect choice. Our parts are made with the utmost precision and accuracy, ensuring the highest quality and long-lasting performance.

### Features:

Product Name: CNC Stainless Steel Parts

Shipping: By Sea/Air/Express

Surface Treatment: Polishing

Application: Industrial Equipment

Material: Stainless Steel

OEM/ODM: Acceptable

CNC Stainless Steel Machining

High Quality Stainless Steel Part

Stainless Steel CNC Machining

Polishing Surface Treatment

### Technical Parameters:

Parameters	Details
OEM/ODM	Acceptable
Processing Method	CNC Machining
Tolerance	±0.01mm
Surface Treatment	Polishing
Lead Time	7-15 Days
Application	Industrial Equipment
Inspection	100% Inspection
Size	Customized
Material	Stainless Steel
Package	Carton/Wooden Box

### Applications:

YWY CNC 303 stainless steel parts are widely used in various industrial equipment, with excellent durability and corrosion resistance. This stainless steel fabricated part and machined part is made from high-quality grade materials, and its CNC components are processed with strict quality control and 100% inspection. It is easy to install and maintain, and has a minimum order quantity of 1 piece. With its accurate size, reliable performance and long service life, YWY's CNC stainless steel parts are popular among customers.

YWY's CNC stainless steel parts are made of stainless steel, which is known for its excellent corrosion resistance and durability. The CNC components are machined with precise dimensions and tolerances, ensuring the highest quality. YWY's CNC stainless steel parts are suitable for various industrial applications, such as automotive, aerospace, medical, manufacturing, and more. Their superior performance and excellent quality make them the ideal choice for customers.

YWY's CNC stainless steel parts are packed in a sturdy carton or wooden box for secure shipping. The parts are also tested for quality assurance and are backed by a reliable warranty. YWY provides professional technical support and after-sales service to ensure that customers get the best product and service. With its excellent quality and reasonable price, YWY's CNC stainless steel parts are the perfect solution for your industrial needs.

### Customization:

#### CNC Stainless Steel Parts

Brand Name: ywy

Model Number: cnc303  
Place of Origin: guangdonghuizhou  
Surface Treatment: Polishing  
Lead Time: 7-15 Days  
Drawing Format: PDF/DWG/IGS/STP  
Application: Industrial Equipment  
MOQ: 1 Piece

**We specialize in stainless steel CNC machining, CNC stainless steel fabrication and stainless steel precision part.**

### Support and Services:

Technical Support and Service for CNC Stainless Steel Parts

We offer technical support and service for CNC Stainless Steel Parts. Our experienced engineers and technicians are available to answer your questions and provide you with solutions tailored to your specific needs. We can provide customized technical support for any CNC Stainless Steel Parts, including installation, maintenance, troubleshooting, and repair. Our team will work with you to ensure that your CNC Stainless Steel Parts are running smoothly and efficiently.

We also offer a wide range of services for CNC Stainless Steel Parts, including custom fabrication, machining, and welding. Our team of highly trained professionals has extensive experience in all aspects of CNC Stainless Steel Parts, from design and fabrication to installation and maintenance. We can help you create custom CNC Stainless Steel Parts that are designed to meet your exact specifications, as well as provide you with the highest quality products and services.

We are committed to providing you with the best technical support and service for CNC Stainless Steel Parts. Our team is available to answer any questions you may have and provide you with the solutions you need. Contact us today to discuss how we can help you with your CNC Stainless Steel Parts needs.
