

Customized Titanium CNC Parts Annealing Normalizing

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Packaging: Carton/Wooden Case
- Material: Titanium
- Heat Treatment: Annealing/Normalizing
- MOQ: 1 Piece
- Size: Customized
- Surface Treatment: Polishing
- Service: OEM/ODM
- Drawing Format: PDF/DWG/IGS/STP/X_T
- Highlight: **Customized Titanium CNC Parts, Annealing Titanium CNC Parts**

Product Description

Product Description:

Our company specializes in the production of Titanium CNC Components, CNC Machined Titanium Parts, Titanium Parts Machining. Our titanium parts are machined to precise tolerances of $\pm 0.01\text{mm}$ and inspected 100% to ensure the quality of the product. We offer a variety of payment terms including T/T, Paypal, and Western Union. Our titanium parts are widely used in industrial, medical, aerospace, and other fields. The surface of the titanium parts can be polished according to customer requirements.

Technical Parameters:

Parameters	Details
MOQ	1 Piece
Inspection	100% Inspection
Material	Titanium
Surface Treatment	Polishing
Tolerance	$\pm 0.01\text{mm}$
Service	OEM/ODM
Size	Customized
Application	Industrial, Medical, Aerospace, etc.
Packaging	Carton/Wooden Case
Drawing Format	PDF/DWG/IGS/STP/X_T
Key Words	Titanium CNC Parts, CNC Titanium Components, CNC Machined Titanium Components

Applications:

YWY brand CNC machined titanium parts, model number cnc505, are precision parts machined with high tolerance of $\pm 0.01\text{mm}$, which are widely used in many fields due to their corrosion-resistant and lightweight properties. It offers customization services, such as drawing format PDF/DWG/IGS/STP/X_T, surface treatment polishing, and payment terms T/T, Paypal, Western Union, etc. With these customized services and features, YWY CNC machined titanium parts are very popular among many industries, such as aerospace, automotive, medical, and many other industries.

YWY CNC machined titanium parts are made in China with the highest quality materials and machining techniques. Its high precision and superior strength make it ideal for various application scenarios, such as parts for aerospace applications, medical devices, automotive components, and many more. The heat resistance, wear resistance, and corrosion resistance of YWY titanium parts make them an ideal choice for many industries. Moreover, YWY CNC titanium parts are also very versatile and can be used in any environment, making them suitable for many different applications.

YWY CNC titanium parts can also be customized to meet the needs of any customer. With its high quality and superior strength, YWY CNC titanium parts are perfect for any application. Its highly accurate machining and superior strength make YWY CNC titanium parts the perfect choice for many industries. Whether it is for aerospace, automotive, medical, or any other industry, YWY CNC titanium parts can be customized to meet any customer's needs. With its superior quality and high precision, YWY CNC titanium parts are the perfect choice for any application.

Customization:

CNC Titanium Parts Machining Services

Brand Name: ywy

Model Number: cnc505

Place of Origin: Guangdong Huizhou

Drawing Format: PDF/DWG/IGS/STP/X_T

Service: OEM/ODM

Surface Treatment: Polishing

Heat Treatment: Annealing/Normalizing

Material: Titanium

We provide high precision CNC machining services for a variety of Titanium parts, with an emphasis on CNC Machined Titanium Parts and Titanium Parts Machining Services. Our services include customized design, CNC milling, CNC turning, polishing, sandblasting, and annealing/normalizing. All of our parts are designed and machined to your specific requirements and offer superior quality, competitive pricing, and fast turnaround.

Support and Services:

Technical Support and Service for CNC Titanium Parts

We are dedicated to providing the highest quality CNC Titanium Parts with the most reliable technical support and service. Our team of experienced engineers and technicians are available to assist you with any technical issues you may encounter while using our products. We are committed to providing prompt and accurate answers to all of your inquiries. Our technical support team is available 24/7 to answer any questions you may have about our products. We also provide a wide range of online resources, including tutorials, FAQs, and troubleshooting guides, to help you get the most out of your CNC Titanium Parts. We are confident that our technical support and service will help you get the most out of your CNC Titanium Parts.

Packing and Shipping:

Packaging and Shipping for CNC Titanium Parts

CNC Titanium Parts are packaged carefully for secure shipping. All parts are wrapped in high-grade plastic wrap with a thick layer of bubble wrap to ensure they are not damaged during transit. Parts are then placed into a strong cardboard box for extra protection. Shipping of the parts is done via a reputable courier company. The parts are tracked and insured to ensure they reach the customer on time and in perfect condition.
