

Professional OEM/ODM CNC Machined Parts for Precision Engineering

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Packaging: Standard Export Carton Or Customized
- Application: Automotive, Aerospace, Medical, Etc.
- Delivery Method: DHL, FedEx, UPS, Etc.
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Lead Time: 7-15 Days
- Size: Customized
- OEM/ODM: Acceptable
- Quality Control: 100% Inspection Before Shipment
- Highlight: **OEM/ODM CNC Machined Parts,
Professional CNC Machined Parts,
Precision Engineering CNC Machined Parts**

Product Description

Product Description:

Our CNC machined parts are made with the highest quality standards in mind. We have a strict quality control process that involves 100% inspection before shipment. This ensures that our customers receive only the best quality parts that meet their requirements. We understand that quality is a top priority for our customers, and we take every measure to ensure that our products meet their expectations. We offer standard export carton packaging for our CNC machined parts, but we can also provide customized packaging if required. This ensures that the parts are protected during transit and that they arrive at their destination in perfect condition. Our packaging is designed to meet the specific needs of our customers, and we take every measure to ensure that our products are delivered safely and securely. We can manufacture CNC machined parts in customized sizes, which means that our customers can get the exact parts they need for their specific applications. Our experienced engineers work closely with our customers to understand their requirements and to ensure that the parts are made to their exact specifications. We use the latest technology and equipment to manufacture our parts, which ensures that they are made with high precision and accuracy.

Our CNC machined parts have a tolerance of $\pm 0.01\text{mm}$, which means that they are made with high precision and accuracy. This ensures that the parts fit perfectly and that they function as intended. We understand that accuracy is critical for our customers, and we take every measure to ensure that our products meet their expectations.

We accept drawing formats such as PDF, DWG, IGS, STEP, etc. This ensures that our customers can provide us with the necessary information to manufacture their parts. We understand that our customers may have different preferences when it comes to drawing formats, and we are flexible enough to accommodate their needs.

In summary, our CNC machined parts are precision machined parts that are made with high accuracy and precision. We have a strict quality control process that involves 100% inspection before shipment, and we offer standard export carton packaging or customized packaging if required. We can manufacture CNC machined parts in customized sizes, and our parts have a tolerance of $\pm 0.01\text{mm}$. We accept drawing formats such as PDF, DWG, IGS, STEP, etc. to ensure that our customers can provide us with the necessary information to manufacture their parts.

Features:

Product Name: CNC Machined Parts

Delivery Method: DHL, FedEx, UPS, Etc.

Surface Treatment: Anodizing, Plating, Painting, Etc.

Tolerance: $\pm 0.01\text{mm}$

Size: Customized

MOQ: 1 Piece

This product is a Computer-Numerically-Controlled (CNC) part, also known as Computer-Aided Machining parts.

Technical Parameters:

Numerically-controlled machining parts	CNC-manufactured components
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Application	Automotive, Aerospace, Medical, Etc.
Surface Treatment	Anodizing, Plating, Painting, Etc.
Material	Aluminum, Steel, Brass, Etc.
Packaging	Standard Export Carton Or Customized
Size	Customized
Quality Control	100% Inspection Before Shipment
OEM/ODM	Acceptable
Lead Time	7-15 Days
MOQ	1 Piece

Applications:

Our CNC machined parts are suitable for a wide range of applications, from electronics and telecommunications to aerospace and automotive industries. They can be used in the production of components for machinery, engines, and other equipment. They are also commonly used in the manufacturing of medical devices, musical instruments and other precision instruments.

Our CNC machined parts are made of high-quality materials such as aluminum, steel, brass, and others. We offer a wide range of surface treatments such as anodizing, plating, painting, and more, to enhance the performance and durability of our products.

Our CNC machined parts are certified and undergo 100% inspection before shipment to ensure the highest quality. We have a minimum order quantity of 50 pieces and our prices range from \$2.35 to \$12.68 per piece, depending on the material and surface treatment.

We offer a range of packaging options such as EPE foam, anti-rust paper, stretch film, plastic bag, and carton to ensure safe delivery of our products. Our delivery time is fast and reliable, and we accept various payment terms to suit your needs.

With a supply ability of 1000000 pieces per month, we are able to meet the demands of various industries. Our processing methods include CNC machining, turning, milling, and more, to create parts with high precision and accuracy.

Whether you need a single prototype or a large volume of CNC machined parts, Yuanwenyu has the expertise and experience to deliver

quality products that meet your requirements. Contact us today to learn more about our CNC machined parts and how we can help you with your project.

Customization:

Our yuanwenyu brand offers customizable CNC machined parts for various materials including aluminum, steel, and brass. Our precision machined parts are made using computer-controlled machining for accuracy and consistency. We accept OEM/ODM orders and can work with drawing formats including PDF, DWG, IGS, STEP, and more. Our CNC machined parts have various surface treatment options such as anodizing, plating, painting, and more.

Our minimum order quantity is 50 pieces and we offer a supply ability of 1000000 Piece/Pieces per month. The price range for our CNC machined parts is \$2.35 - \$12.68/piece and we offer packaging options that include EPE foam, anti-rust paper, stretch film, plastic bag + carton. We offer fast delivery times, with a delivery time of 1 and delivery methods that include DHL, FedEx, UPS, and more.

Our CNC machined parts are certified and originate from Guangdong, China. We accept payment terms and our product customization services are available to meet your specific needs.

Support and Services:

Our CNC machined parts are designed and manufactured to meet rigorous quality standards. Our technical support team is available to assist with any questions or issues related to the product. We also offer a range of services to ensure optimal performance and longevity of the parts, including maintenance and repairs, customization, and upgrades. Our team of experts is dedicated to providing exceptional service and support to our customers.

Packing and Shipping:

Product Packaging:

All CNC machined parts are securely packed in durable boxes or cartons

Each part is individually wrapped with protective materials to prevent scratches and damage during transit

The packaging is designed to withstand rough handling and protect the parts from moisture and dust

Shipping:

We offer worldwide shipping for all CNC machined parts

Orders are processed within 1-2 business days and shipped via reputable carriers

Customers can choose from various shipping options, including standard and express delivery

Tracking information is provided for all orders, allowing customers to monitor their shipment's progress

For international orders, customers are responsible for any customs duties or taxes imposed by their country

FAQ:

Q1: What is the brand name of the CNC machined parts?

A1: The brand name of the CNC machined parts is yuanwenyu.

Q2: What is the minimum order quantity for the CNC machined parts?

A2: The minimum order quantity for the CNC machined parts is 50 pieces.

Q3: What is the price range of the CNC machined parts?

A3: The price range for the CNC machined parts is between \$2.35 and \$12.68 per piece.

Q4: What is the packaging method for the CNC machined parts?

A4: The CNC machined parts are packaged using EPE foam, anti-rust paper, stretch film, and a plastic bag, all of which are then placed in a carton.

Q5: What is the delivery time for the CNC machined parts?

A5: The delivery time for the CNC machined parts is 1 week.
